## **KWC EVE – sensuous light play in white and black**

**The kitchen is increasingly a central gathering point in homes. This means that, more and more frequently, modern kitchen faucets must satisfy high aesthetic demands. KWC kitchen faucets are oriented to a wide variety of customer needs and offer matchless functionality along with individual design variations.**

**NORCROSS, GA (January 2010)** - The KWC EVE kitchen faucet, which has won several international design awards, has to date been available in a chrome finish or stainless steel. This fascinating kitchen faucet is now also available in glacier white or stylish black chrome-plated. These two new finishes are consistent with the latest trend in kitchen faucets and offer extra creative scope when designing modern kitchens.

### **Light and water caress our senses**

KWC EVE represents the symbiosis of two vital elements: light and water. The design and function-oriented kitchen faucets captivate kitchen lovers through their seemingly slim and sensuous form and a fascinating interplay of water and light. They are an outstanding addition for use in avant-garde kitchens where functional elements also provide visual highlights.

### **Functionality**

The jointless integrated pull-down aerator is equipped with KWC LUMINAQUA® LED-technology. The light is activated by a light switch integrated into the pull-down aerator and, as a powerful, long-lasting light source that uses very little power, is a pleasure to use. An automatic mode ensures that the light is switched off automatically after 45 minutes of operating time. In addition, the pull-down aerator can be easily removed and extended up to 20 inches and replaced just as simply.

### **The product line**

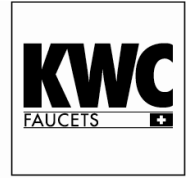

The glacier white as well as the black chrome-plated models of the KWC EVE are available in a height of 16 ½ inches and with the LUMINAQUA® LED-technology. Power is supplied through a standard CE-approved 6.75v plug power supply. The kitchen faucet is side-operated. The elegant, user-friendly lever guarantees a high level of user comfort.

### **International awards**

Since its launch, KWC EVE has received several leading international design awards including: the red dot design award 2005, the Design Price of the Federal Republic of Germany 2006 and the iF product design award 2006.

Known for technology and modernization, KWC AMERICA has been awarded the 2006 Hospitality Design Product of the Year for the KWC EVE.
